Uniform Crime Reporting

Introduction to the Program

The Uniform Crime Reporting (UCR) Program is a nationwide cooperative effort by federal, state, city, county, and tribal law enforcement agencies to report data on crimes reported in their jurisdiction. The International Association of Chiefs of Police (IACP) developed this methodology for crime reporting in response to the need for national crime statistics, and in 1930, the Federal Bureau of Investigation (FBI) assumed administrative responsibility for the UCR Program. The data provides the information necessary to gain a basic understanding of the nature and scope of the nation's crime problem.

The submission of data regarding crimes committed within the agency's jurisdiction is required by Alaska Statute (AS) 12.62.130. Since June of 1982, the Department of Public Safety (DPS) has administered the UCR Program for the State of Alaska. The Criminal Records and Identification Bureau, located within the Division of Statewide Services, is responsible for collecting, tabulating, reporting, and publishing the UCR data provided by state and local law enforcement agencies. The submitting agencies retain responsibility for the accuracy of their data, and DPS conducts biennial audits with each agency to ensure data is collected and reported in accordance with the national UCR program guidelines.

Under the Summary Reporting System (SRS), the FBI identified ten offense categories selected because of their seriousness and frequency, as crime index offenses. These ten offenses are referred to as Part I offenses by the FBI. The UCR Program collects and reports all Part I offenses as they become known to law enforcement, whether or not they involve arrests. Offenses which do not fit into the Part I offense classification are considered Part II offenses. The UCR Program only collects arrest data for Part II offenses in addition to the Part I offense and arrest data.

Effective January 1, 2021, the FBI sunset the SRS data collection program and required agencies to report crime data using the National Incident Reporting System (NIBRS) format. Because all law enforcement agencies in Alaska have not transitioned to the NIBRS format, the statewide UCR data for 2024 will continue to be reported in the SRS format using the established FBI calculations to convert NIBRS data back to the SRS format. A separate NIBRS publication with partial statewide crime data will be released at a later date.

Monthly crime statistics are forwarded to the FBI for inclusion in their Crime Data Explorer application and various publications, and they are used to compile the annual Crime in Alaska publication. Because all agencies in Alaska have not transitioned to the NIBRS format, FBI datasets for Alaska for 2021-2024 may be incomplete.

Alaska Population Demographics¹

These demographic figures are from 2023 U.S. Census data and are the most current population estimates that include age, sex, and race breakdowns.

Preliminary U.S. Census population estimates for 2024 provided by the FBI (which do not include age, sex, and race breakdowns) are used to derive crime rates for 2024.

Sex	
Total Population 2023	733,971
Male	385,319
Female	348,652

Race ²	
White	445,545

² The race designations "two or more races" and "other race", while included in U.S. Census data, are not collected in the state or federal UCR program.

Alaska Population Figures

Alaska's Crime Clock in 2024¹

¹ The Crime Clock should be viewed with care. Being the most aggregate representation of UCR data, it is designed to convey the annual reported crime experience by showing the relative frequency of occurrence of the Index Offenses. This mode of display should not be taken to imply regularity in the commission of the Crime Index Offenses; rather, it represents the annual ratio of crime to fixed time intervals.

Alaska Crime Rate & Index

Definition

The crime index is composed of selected offenses used to gauge fluctuations in the overall volume and rate of crime reported to law enforcement. The offenses included are violent crimes of murder and non-negligent manslaughter, rape, robbery, aggravated assault, and property crimes of burglary, larceny/theft, motor vehicle theft, and arson.

Crime in Alaska defines all violent crime as involving force or threat of force, whereas the objective of property crime is the taking of money or property without force or threat of force against the victim.

Summary

The calculations represented in Crime in Alaska are made utilizing the index offense totals for the current and previous year as well as the population estimates provided by the FBI. The overall crime indices decreased in 2024, as did the violent and property crime indices. The crime rate, which relates the incidence of crime to population, experienced similar decreases in total crime, violent crime, and property crime rates. All facts are important to consider when reviewing the fluctuations in the crime index and rate variances between 2023 and 2024. Caution should be exercised when making conclusions on year-to-year data comparisons.

Crime Rate

Compares the incidence of offenses in relation to the total reporting agency population. It is defined as the number of offenses per 100,000 population.

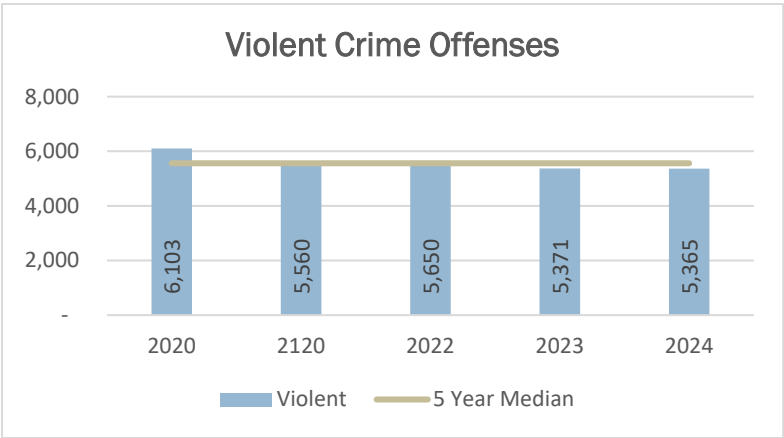

Crime Index 2020 - 2024

Number of Offenses Reported
Five-year median¹

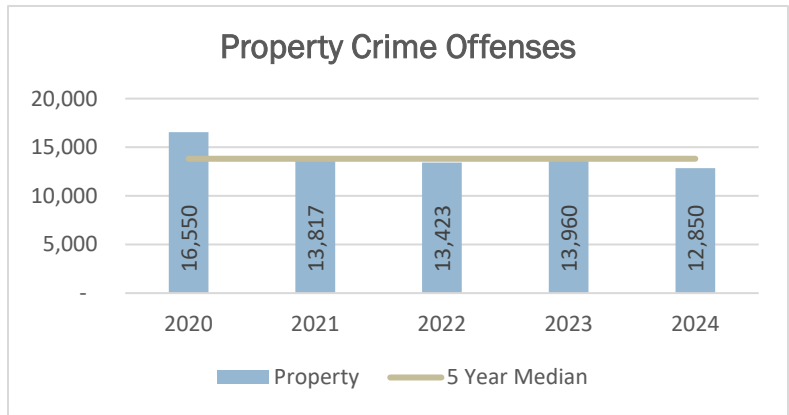

Total Offenses Reported

In 2024, the total number of offenses reported **decreased** 5.8% from 2023. The number of reported Rape, Robbery, and Arson offenses increased in 2024, while all other crime categories had fewer offenses reported, including the lowest number of Burglary offenses reported since at least 1974.

Violent Crime Reported

In 2024, the total number of violent crimes reported **decreased** 0.1% from 2023. There were fewer reported offenses of Murder and Aggravated Assault in 2024; however, the number of Rape and Robbery offenses reported to law enforcement increased from 2023.

Property Crime Reported

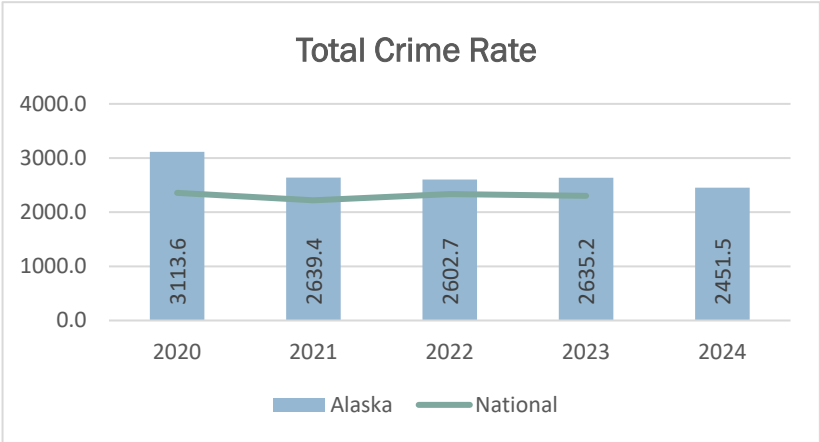

In 2024, the total number of property crimes reported **decreased** 8.0% from 2023. Other than the number of Arson offenses reported, which increased by 0.7%, all property crime offense categories had fewer offenses reported to law enforcement in 2024.

¹ Five-year median calculated from [Crime in Alaska Uniform Crime Reports](#) 2020-2024.

Crime Rate 2020 - 2024

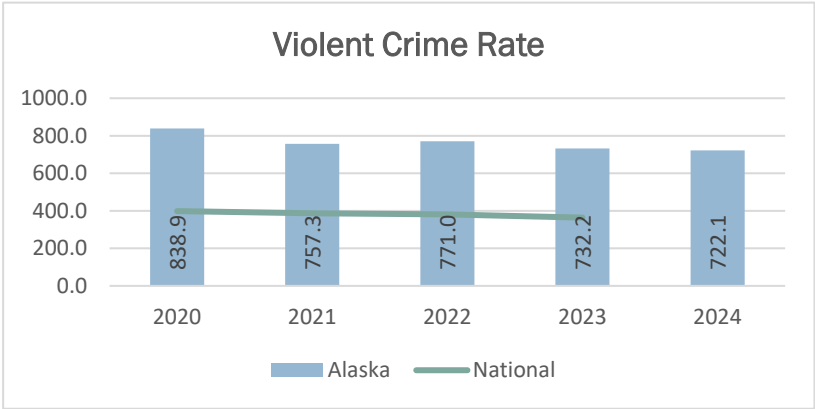

Rate of Offenses in Alaska per 100,000 population

National Rate¹

Total Crime Rate

In 2024, Alaska’s overall reported crime rate decreased 7.0%. The decrease is primarily due to the significant decreases in the number of reported offenses of Larceny Theft and Motor Vehicle Theft.

Violent Crime Rate

In 2024, Alaska’s reported violent crime rate decreased 1.4%. It is again at the lowest level since 2015. The decrease is largely due to fewer Murder and Aggravated Assault offenses reported in 2024.

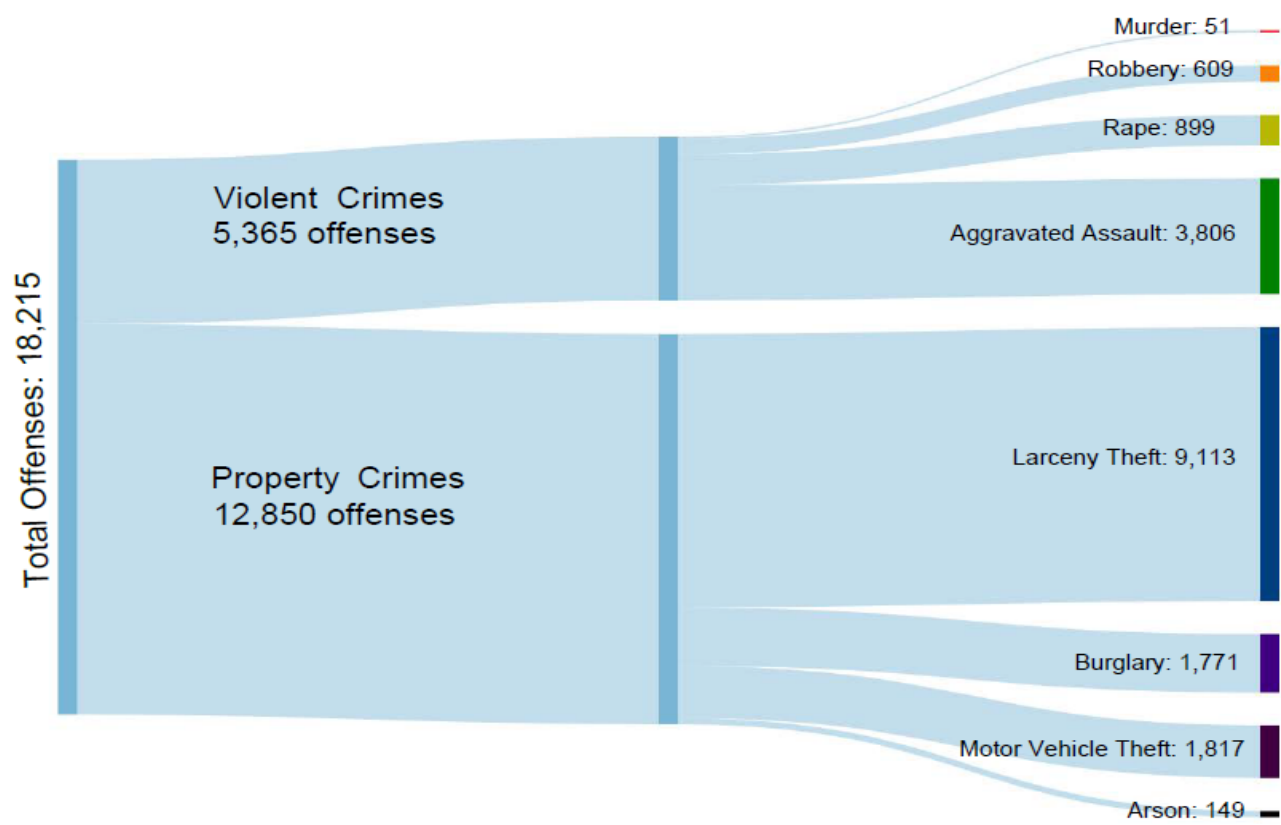

Property Crime Rate

In 2024, Alaska’s reported property crime rate decreased 9.1%. This represents the lowest property crime rate in well over a decade.

¹ National crime rate from FBI's [Crime Data Explorer Additional Datasets Summary Reporting System](#). National data for 2024 was not available at the time this data was compiled.

¹ Crime rate taken from [Crime in Alaska reports](#) 2004-2024. Rape rates prior to 2013 are not included as the UCR data collection only counted female victims prior to 2013 and an accurate crime rate could not be determined for rape offenses.

Murder & Non-Negligent Manslaughter

Definition

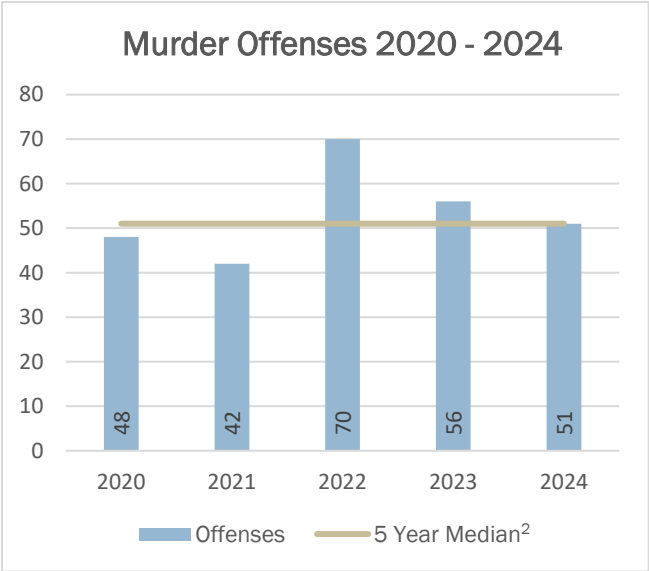

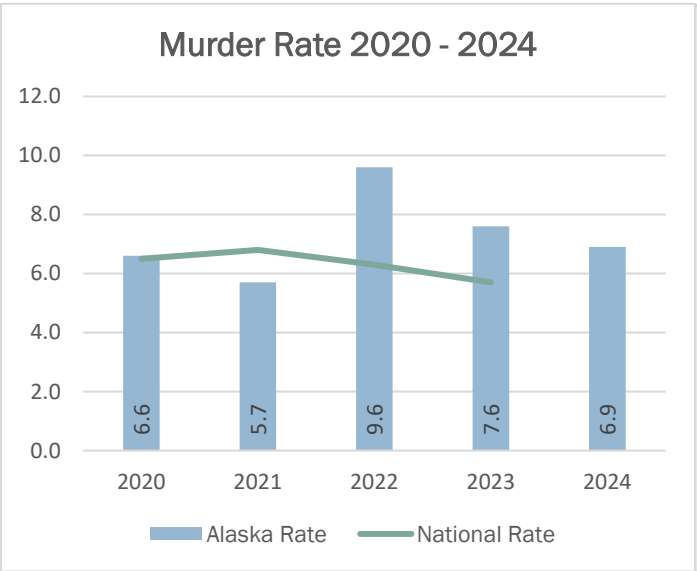

The National Uniform Crime Reporting (UCR) Program defines murder and non-negligent manslaughter as the willful (nonnegligent) killing of one human being by another. The classification of this offense is based solely on police investigation as opposed to the determination of a court, medical examiner, coroner, jury, or other judicial body. The UCR Program does not include the following situations in this offense classification: deaths caused by negligence, suicide, or accident, and justifiable homicides. Attempts to murder or assaults to murder are classified as aggravated assault.

Summary

A total of 51 murders were reported in 2024. This represents 1.0% of violent crimes and 0.3% of the total crime index offenses. The number of murders reported in 2024 decreased 8.9%, and the rate of murders per 100,000 persons decreased 10.1% between 2023 and 2024. Of the identified suspects, 4.2% were juveniles and 75.0% were adults; 20.8% of suspects were unknown. Of the victims, 15.7% were juveniles. While only 8.3% of the suspects were female, 31.4% of the victims were female. Of the known relationships, acquaintance was the most frequently reported relationship between the suspect and the victim.

Year	Offenses	Alaska Rate	National Rate ¹	Index Change	Rate Change
2020	48	6.6	6.5	-31.4%	-31.4%
2021	42	5.7	6.8	-12.5%	-13.3%
2022	70	9.6	6.3	66.7%	67.0%
2023	56	7.6	5.7	-20.0%	-20.1%

Murder Offenses & Weapons

Offenses by Month

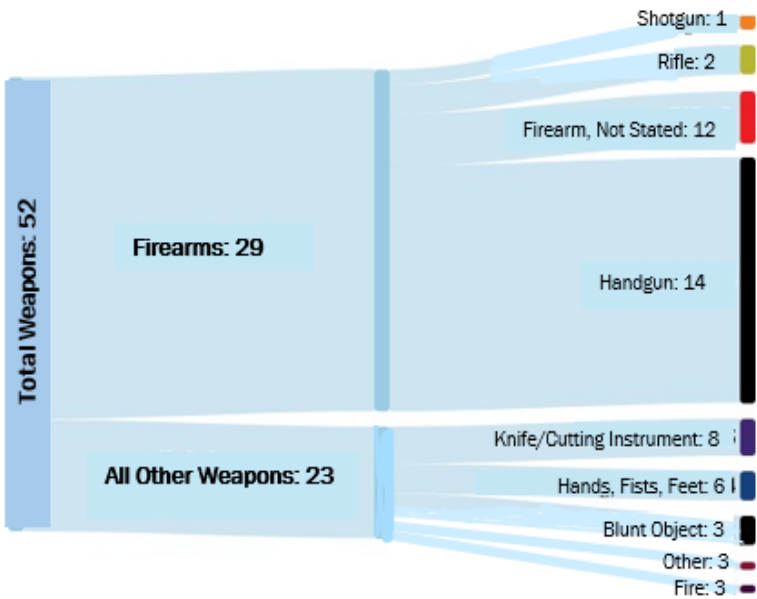

Since 2015, November has averaged the highest number of reported homicides at 6.6 per month. In 2024, August and October had the highest number of reported murders with eight each month. Eight of the 32 contributing agencies reported at least one murder in 2024.

Murder Weapons

In 2024, a firearm was reported as the murder weapon in 55.8% of the incidents. This is a decrease from 2023 in which a firearm was reported as the murder weapon in 75.4% of incidents.

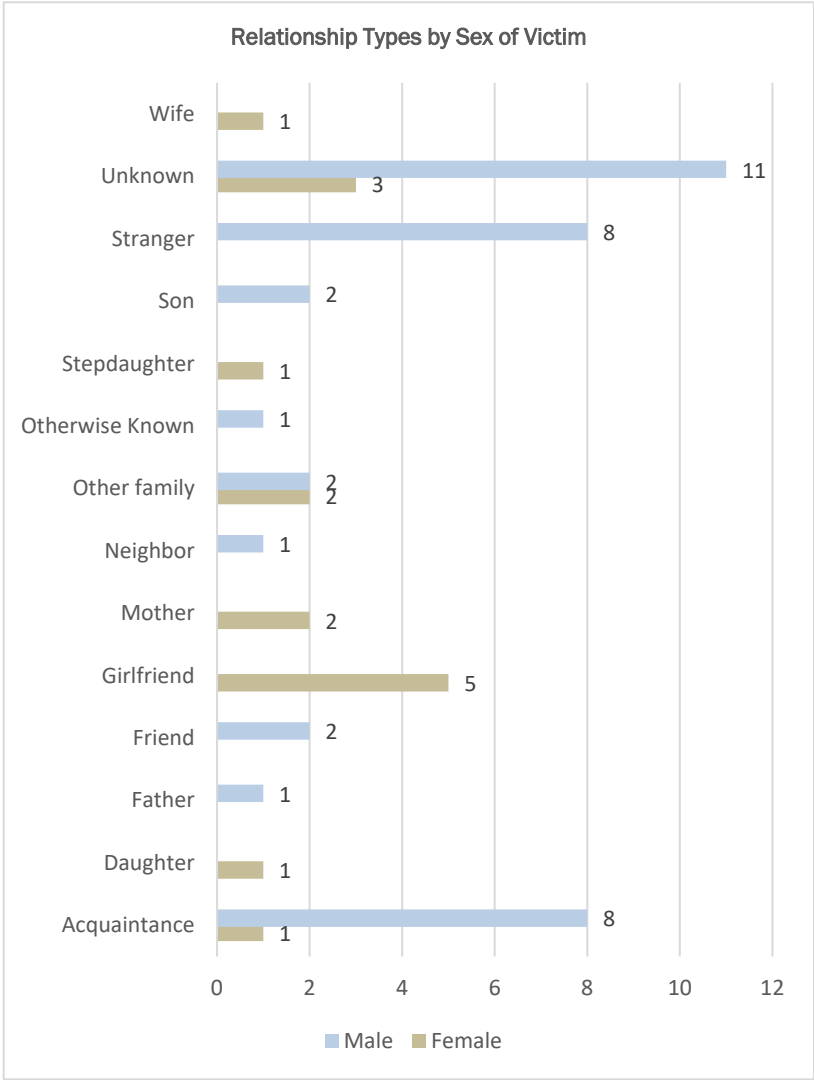

Weapons	
Firearms	29
Knives or cutting instruments	8
Blunt objects (clubs, hammers, etc.)	3
Personal weapons (hands, fists, feet, etc.)	6
Fire	3
Other weapons or weapons not stated	3

Murder Victim/Suspect Relationships

Female Victims - Relationship(s) to Offender(s)	
Acquaintance	1
Daughter	1

Male homicide victims: the most common relationship between victim to offender was "unknown".

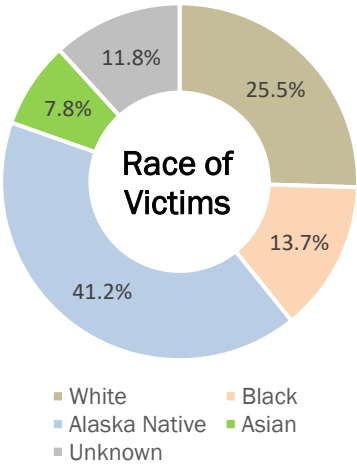

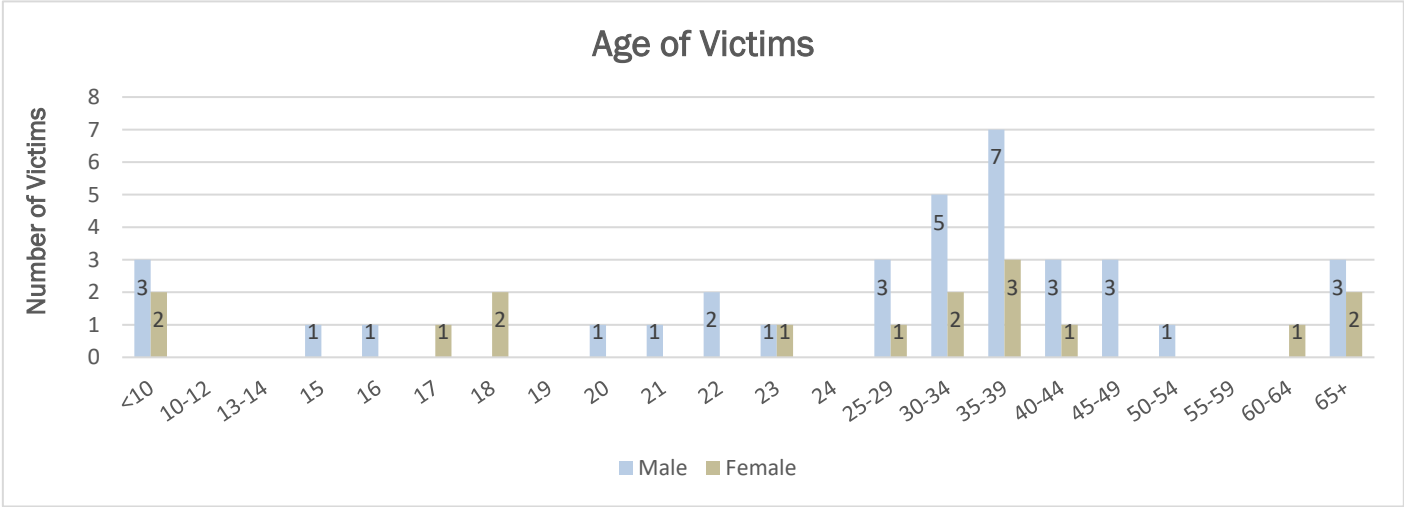

Female homicide victims: the most common relationship between victim to offender was "intimate partner" which includes "wife" and "girlfriend" in the chart above. ²

¹The number of relationships will not always equal the number of offenses or victims; each victim/suspect relationship is considered, so incidents in which there are multiple suspects will result in more relationships than victims.

² For purposes of this publication, an "intimate partner" relationship is defined as either a spouse or girlfriend/boyfriend of the victim.

Murder Victim Demographics

Age, Race and Sex of Victims

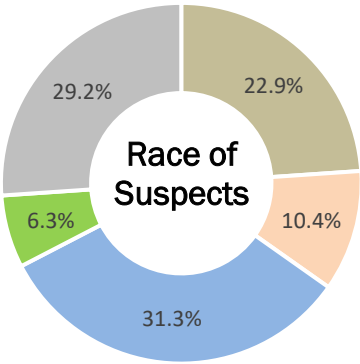

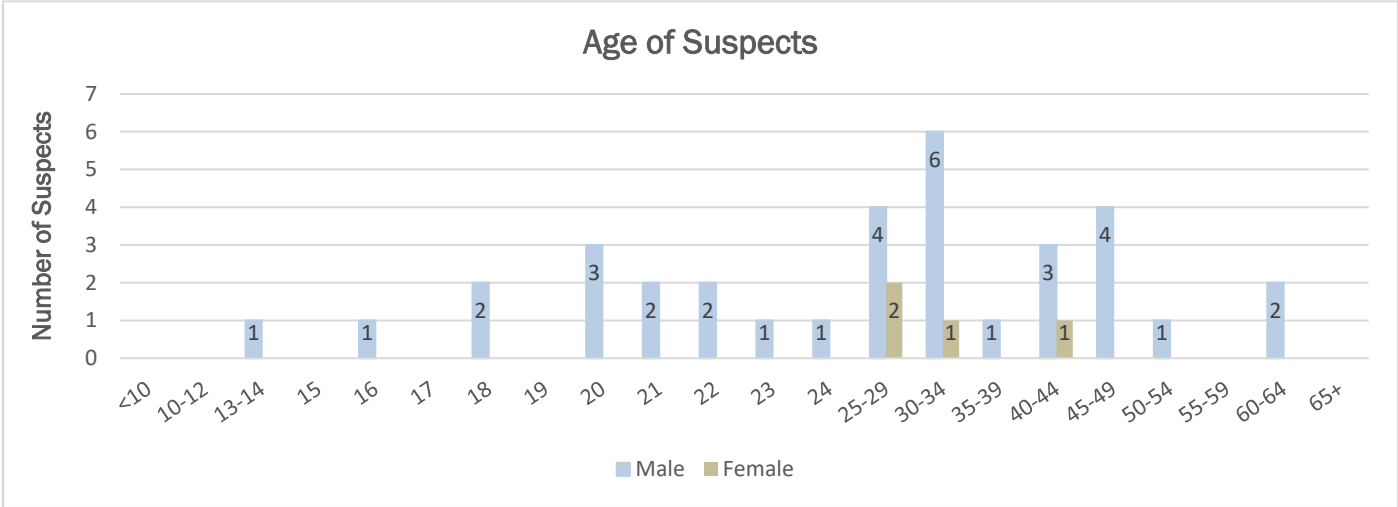

In 2024, 68.6% of reported murder victims were male and 31.4% were female. Juveniles represented 15.7% of the victims.

Rape

Definition

The National Uniform Crime Reporting (UCR) Program defines rape as penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ of another person, without the consent of the victim. This definition includes either gender of victim or offender. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Attempts or assaults to commit rape are also included in the statistics presented here; however, statutory rape and incest are excluded.

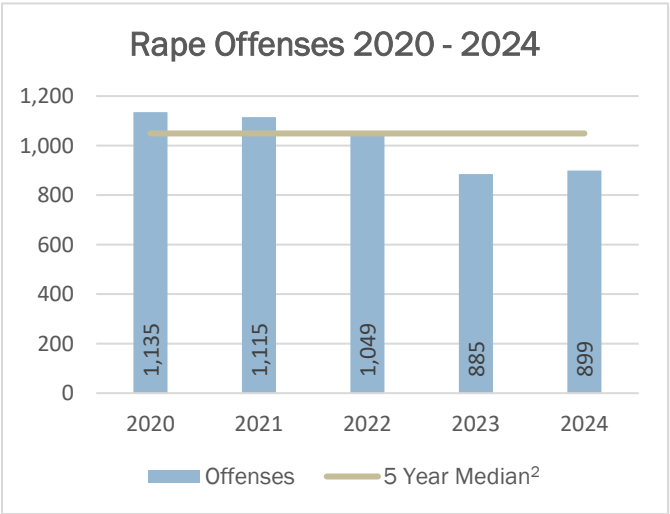

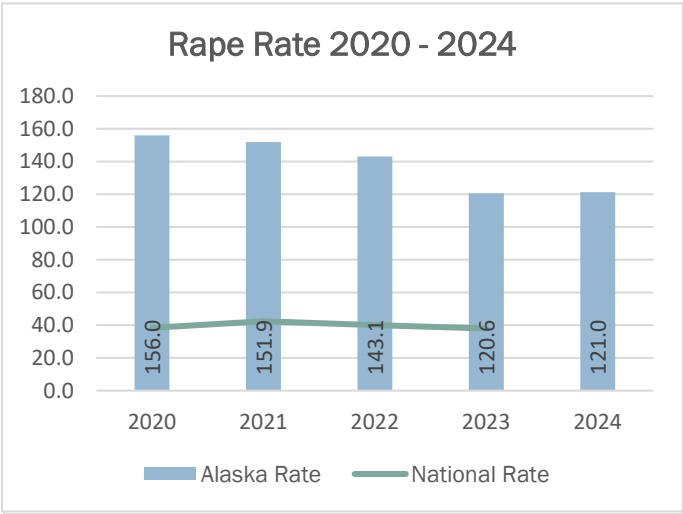

Summary

A total of 899 rapes were reported in 2024; 54 attempted rapes were reported and are included in this total. This represents 16.8% of all violent crime, and 4.9% of all crime reported in Alaska. The number of reported rapes increased 1.6%, and the rate of rape per 100,000 persons increased 0.3% from 2023 to 2024.

While 22 of the contributing agencies reported at least one offense of rape, there were wide variances when comparing 2024 to 2023. For example, the Anchorage Police Department had an 8.2% increase while the Alaska State Troopers had a 6.7% decrease in the number of rape offenses reported in 2024 as compared to 2023.

Rape Offenses

Offenses by Month

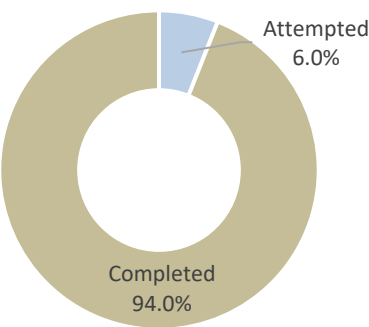

Since 2015, July has averaged the highest number of reported rape offenses at 96.5 per month. In 2024, the highest number of reported rapes occurred in August with 95 reported offenses.

The National Uniform Crime Reporting Program requires if there is a separation of time and place between the commission of several crimes, that each crime be reported separately.¹ Sexual assaults spanning several time periods will result in numerous counts of rape offenses being reported for a single victim.

In addition, the agencies furnish basic data concerning the personal characteristics-age, sex, race, and ethnicity-of persons arrested in a particular month. The UCR program collects data on the number of persons arrested, not the number of charges lodged. For example, a person may be arrested on several charges at one time; in this situation, the agency only scores one arrest under the most severe offense category as determined by the agency.

Robbery

Definition

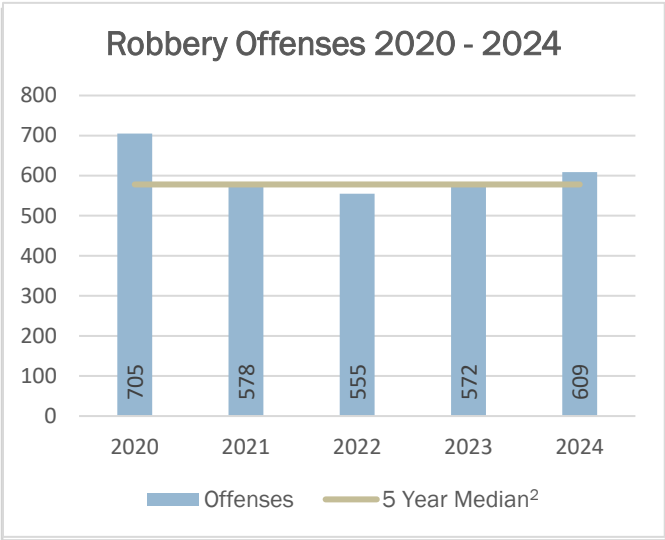

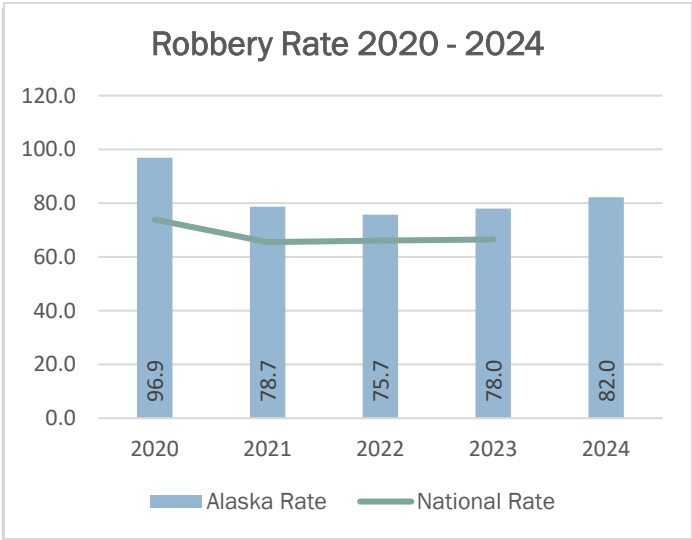

The National Uniform Crime Reporting (UCR) Program defines robbery as the taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear. Robbery is a type of theft committed in the presence of the victim. The victim is directly confronted by the offender and is threatened with force or is put in fear that force will be used. Robbery involves a theft or larceny but is aggravated by the element of force or threat of force. While the FBI generally classifies robbery as a property crime, due to the violent nature of this offense it is included in the violent crime calculations.

Summary

A total of 609 robberies were reported in 2024. Attempted robberies are included in this total. Robbery represents 11.4% of all violent crime, and 3.3% of all crime reported in Alaska. The number of reported robberies increased 6.5%, and the rate of robberies per 100,000 persons increased 5.1% from 2023 to 2024. Of the reported robberies, the majority (55.7%) involved the use of Strong-Arm (Hands, Fists, Feet, Etc.) as a weapon. Arrest data shows 74.1% of the persons arrested for robbery were male, and 85.5% were adults. The total property loss associated with robbery offenses reported in 2024 was \$516,398, down from \$677,470 in 2023.

Aggravated Assault

Definition

The National Uniform Crime Reporting (UCR) Program defines aggravated assault as an unlawful attack by one person upon another to inflict severe or aggravated bodily injury. The UCR Program further specifies this type of assault is usually accompanied by the use of a weapon or by other means likely to produce death or great bodily harm. Attempted aggravated assault that involves the display of, or threat to use, a gun, knife, or other dangerous weapon is included in this crime category because serious personal injury could likely result if the assault were completed. Attempts to murder are also included in this offense category.

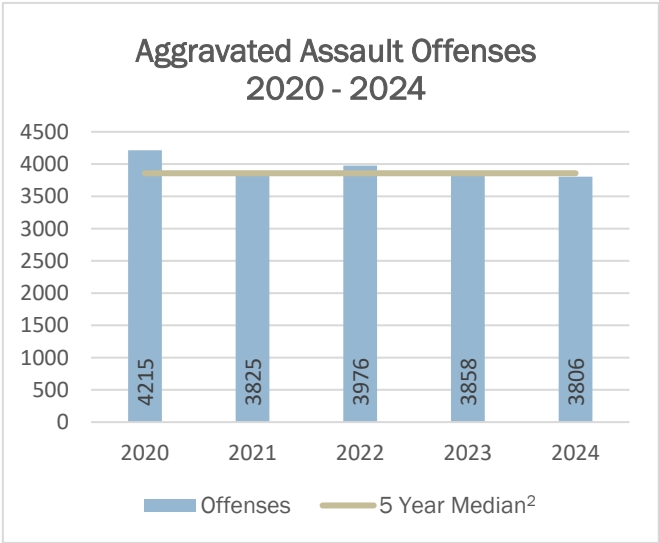

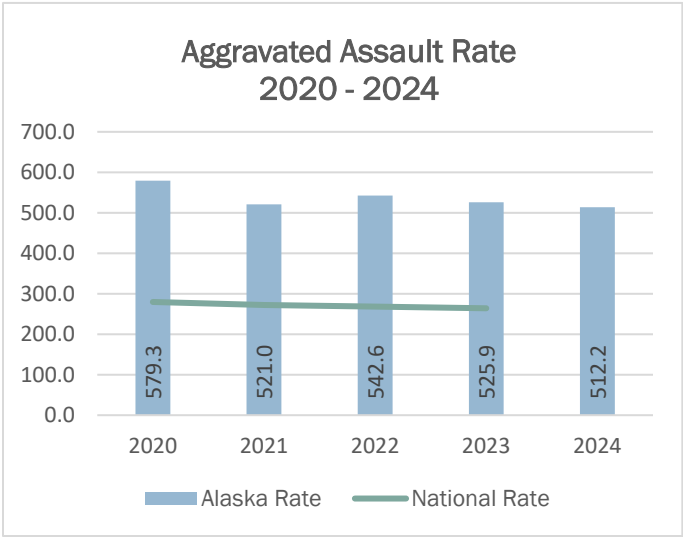

Summary

A total of 3,806 aggravated assaults were reported in 2024. This represents 70.9% of all violent crime and 20.9% of all crime reported in Alaska. The number of reported assaults decreased 1.3% and the rate of assaults per 100,000 persons decreased 2.6% from 2023 to 2024.

While not included in crime calculations, there were 9,419 offenses of simple assault reported in 2024, a 2.1% increase from 2023. Simple assault includes all assaults which do not involve the use of a firearm, knife, cutting instrument, or other dangerous weapon and in which the victim does not sustain serious or aggravated injuries.

Burglary

Definition

The Uniform Crime Reporting (UCR) Program defines burglary as the unlawful entry of a structure to commit a felony or theft. To classify an offense as a burglary, the use of force to gain entry need not have occurred. The UCR Program has three subclassifications for burglary: forcible entry, unlawful entry where no force is used, and attempted forcible entry. The UCR definition of “structure” includes, but is not limited to, an apartment, barn, house trailer or houseboat (when used as a permanent dwelling), office, stable, vessel (e.g., ship), or a warehouse. Tents, tent trailers, motor homes, house trailers, or other mobile units being used for recreational purposes are not considered structures.

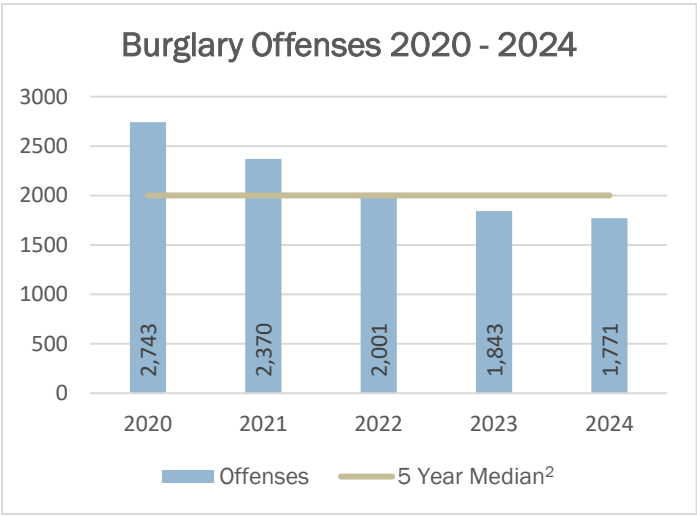

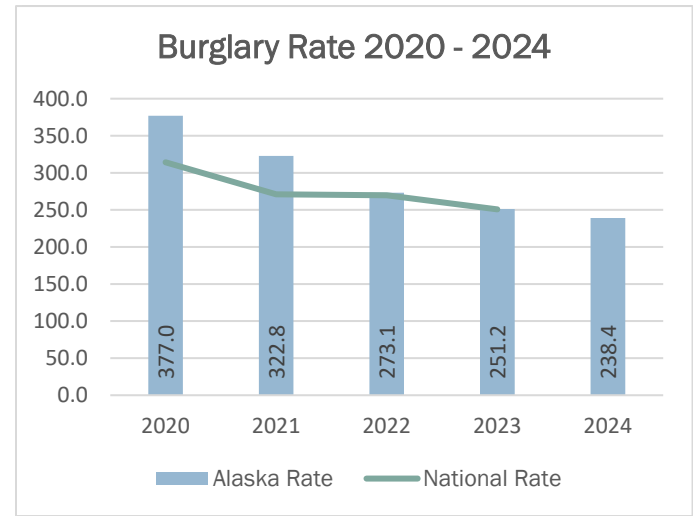

Summary

A total of 1,771 burglaries were reported in 2024. This represents 13.8% of all property crime, and 9.7% of all crime reported in Alaska. The number of reported burglaries decreased 3.9% from 2023 to 2024, and the rate of burglaries per 100,000 persons decreased 5.1%.

Of the reported burglaries, 52.8% were of Forcible Entry. Thirty-six percent (36.0%) of residential burglaries occurred during daytime hours. Arrest data shows 77.7% of the persons arrested for burglary were male, and 88.3% were adults. The total property loss associated with burglary offenses in 2024 was just under \$5.0 million.

Larceny Theft

Definition

The Uniform Crime Reporting (UCR) Program defines larceny theft as the unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. All thefts are included in this category with one exception: motor vehicle theft. Because of the high volume of motor vehicle thefts, this crime has its own offense category. Offenses of embezzlement, fraud, counterfeiting, obtaining money by false pretenses, larceny by check, larceny by bailee, or check fraud are not included in the larceny theft category. Each of these crimes falls within one of the Part II offense categories and is only counted if an arrest is made.

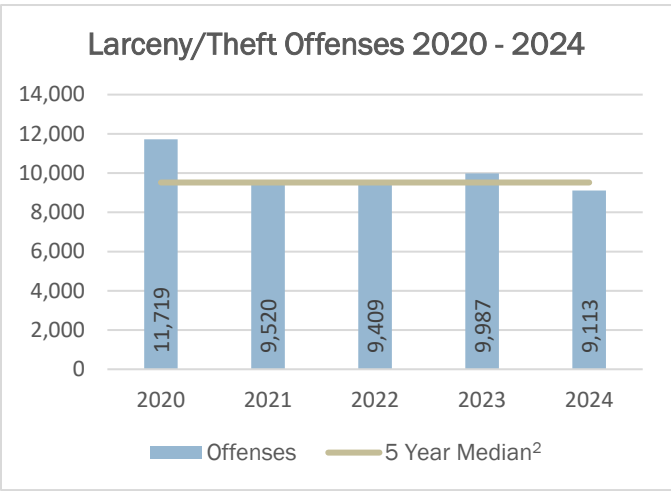

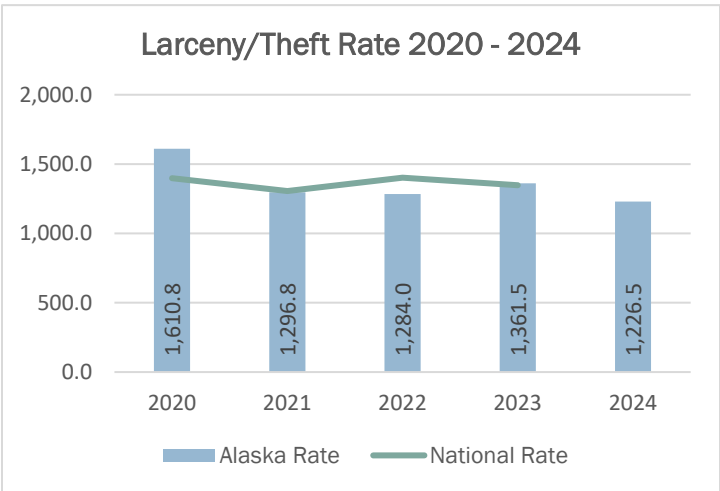

Summary

A total of 9,113 larceny thefts were reported in 2024. This represents 70.9% of all property crime, and 50.0% of all crime reported in Alaska. The number of reported larceny thefts decreased 8.8%, and the rate of larceny thefts per 100,000 persons decreased 9.9% from 2023 to 2024. Arrest data shows 67.4% of the persons arrested for larceny theft were male, and 93.8% were adults.

Both the number of reported larceny thefts and the property loss associated with these offenses decreased from 2023. The total property loss associated with larceny theft in 2024 was just over \$10.2 million, down from \$12.1 million in 2023.

Motor Vehicle Theft

Definition

The Uniform Crime Reporting (UCR) Program defines motor vehicle theft as the theft or attempted theft of a motor vehicle; a motor vehicle is a self-propelled vehicle which runs on land surfaces and not on rails. Examples of motor vehicles include sport utility vehicles, automobiles, trucks, buses, motorcycles, motor scooters, all-terrain vehicles, and snowmobiles. Motor vehicle theft does not include farm equipment, bulldozers, airplanes, construction equipment or watercraft such as motorboats, sailboats, houseboats, or jet skis. The taking of a motor vehicle for temporary use by persons having lawful access is excluded from this definition.

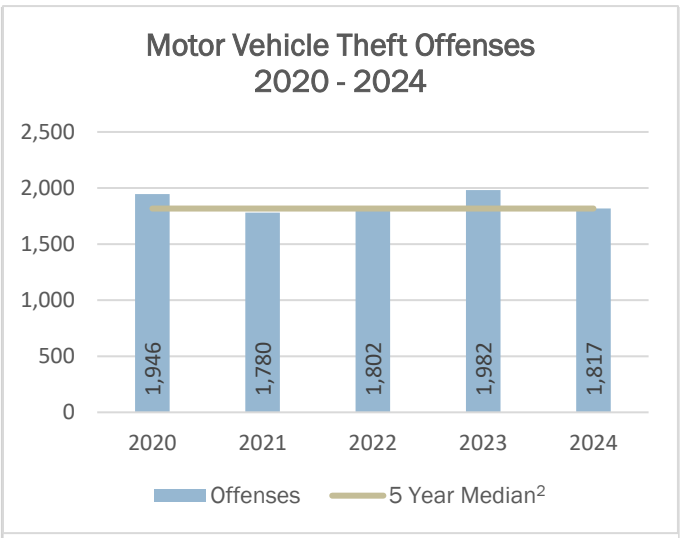

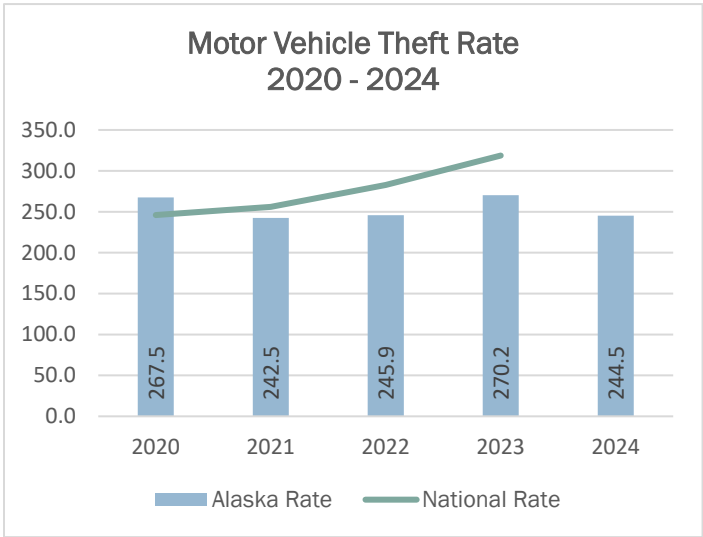

Summary

A total of 1,817 motor vehicle thefts were reported in 2024. This represents 14.1% of all property crime, and 10.0% of all crime reported in Alaska. The number of reported motor vehicle thefts decreased 8.3%, and the rate of vehicle thefts per 100,000 persons decreased 9.5% from 2023 to 2024. Arrest data shows 75.0% of the persons arrested for motor vehicle theft were male, and 89.4% were adults.

¹ A note on arrests: The reporting agencies provide a record of the total number of persons arrested, cited, or summoned (served) for criminal acts in all Part I and Part II crimes. In addition, the agencies furnish basic data concerning the personal characteristics-age, sex, race, and ethnicity-of persons arrested in a particular month. The UCR program collects data on the number of persons arrested, not the number of charges lodged. For example, a person may be arrested on several charges at one time; in this situation, the agency only scores one arrest under the most severe offense category as determined by the agency.

Arson

Definition

The Uniform Crime Reporting Program defines arson as any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc. Contributing agencies report arson as fires determined through investigation to have been willfully or maliciously set. Attempts to burn are included in this offense, but fires of suspicious or unknown origin are not. Agencies classify one offense for each distinct arson operation originating within the reporting jurisdiction. If arson is perpetrated in one locale and spreads to another, the jurisdiction in which the fire originated reports it.

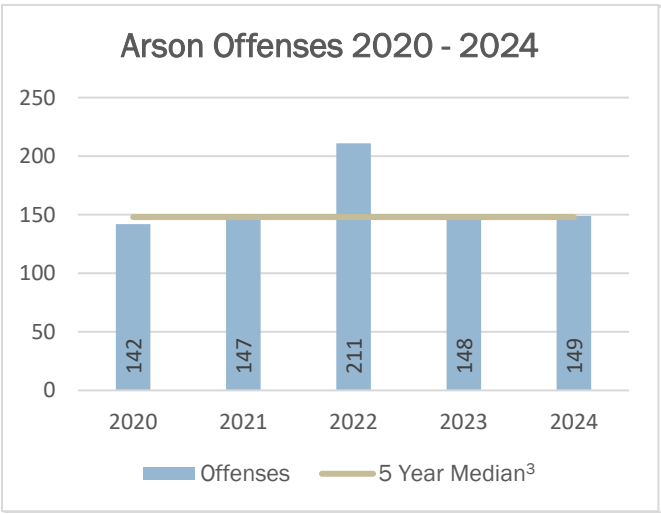

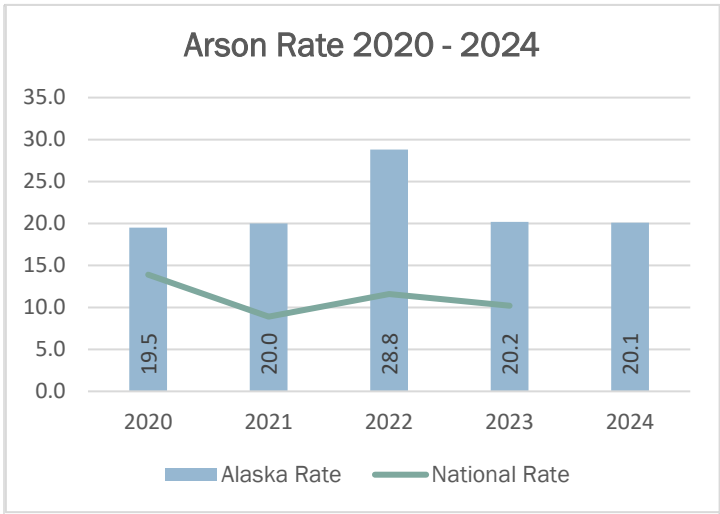

Summary

A total of 149 arsons were reported in 2024. This represents 1.2% of all property crime, and 0.8% of all crime reported in Alaska. The number of reported arsons increased 0.7% and the rate of arsons per 100,000 persons decreased 0.6%. Arrest data shows 58.8% of the persons arrested for arson were male, and 76.5% were adults.

The total property loss reported for arson in 2024 was just over \$4.4 million, a decrease from the \$5.9 million loss reported in 2023. Single occupancy structures had the highest loss at just over \$1.7 million; vehicles were the most frequent arson type.

Appendix: Offenses in Uniform Crime Reporting

The Uniform Crime Reporting (UCR) Program divides offenses into two groups, Part I and Part II crimes (offenses). Each month, participating law enforcement agencies submit information on the number of Part I offenses known to them; those offenses cleared by arrest or exceptional means; and the age, sex, and race of persons arrested for each of the offenses. Contributors provide only arrest data for Part II offenses.

The UCR Program collects data about Part I offenses in order to measure the level and scope of crime occurring throughout the Nation. The Program's founders chose these offenses because they are serious crimes, they occur with regularity in all areas of the country, and they are likely to be reported to police. Part I and Part II offenses are defined below.

Part I offenses:

Criminal homicide: a) Murder and non-negligent manslaughter: the willful (non-negligent) killing of one human being by another. Deaths caused by negligence, attempts to kill, assaults to kill, suicides, and accidental deaths are excluded. The Program classifies justifiable homicides separately and limits the definition to: (1) the killing of a felon by a law enforcement officer in the line of duty; or (2) the killing of a felon, during the commission of a felony, by a private citizen. b) Manslaughter by negligence: the killing of another person through gross negligence. Deaths of persons due to their own negligence, accidental deaths not resulting from gross negligence, and traffic fatalities are not included in the category Manslaughter by Negligence.

Rape (2013): Penetration, no matter how slight, of the vagina or anus with any body part or object, or oral penetration by a sex organ or another person, without consent of the victim. This definition includes either gender of victim or offender. This definition also includes instances in which the victim is incapable of giving consent because of temporary or permanent mental or physical incapacity (including due to the influence of drugs or alcohol) or because of age. Physical resistance is not required on the part of the victim to demonstrate lack of consent.

Robbery: The taking or attempting to take anything of value from the care, custody, or control of a person or persons by force or threat of force or violence and/or by putting the victim in fear.

Aggravated assault: An unlawful attack by one person upon another for the purpose of inflicting severe or aggravated bodily injury. This type of assault usually is accompanied by the use of a weapon or by

means likely to produce death or great bodily harm. Simple assaults are excluded.

Burglary (breaking or entering): The unlawful entry of a structure to commit a felony or a theft. Attempted forcible entry is included.

Larceny-theft (except motor vehicle theft): The unlawful taking, carrying, leading, or riding away of property from the possession or constructive possession of another. Examples are thefts of bicycles, motor vehicle parts and accessories, shoplifting, pocket-picking, or the stealing of any property or article that is not taken by force and violence or by fraud. Attempted larcenies are included. Embezzlement, confidence games, forgery, check fraud, etc., are excluded.

Motor vehicle theft: The theft or attempted theft of a motor vehicle. A motor vehicle is self-propelled and runs on land surface and not on rails. Motorboats, construction equipment, airplanes, and farming equipment are specifically excluded from this category.

Arson: Any willful or malicious burning or attempt to burn, with or without intent to defraud, a dwelling house, public building, motor vehicle or aircraft, personal property of another, etc.

Human Trafficking – Commercial Sex Acts (2013): Inducing a person by force, fraud, or coercion to participate in commercial sex acts, or in which the person induced to perform such act(s) is under 18.

Human trafficking – involuntary servitude (2013) : The obtaining of a person(s) through recruitment, harboring, transportation, or provision, and subjecting such persons by force, fraud, or coercion into involuntary servitude, peonage, debt bondage, or slavery (not to include commercial sex acts).

Part II offenses

Other assaults (simple): Assaults and attempted assaults which are not of an aggravated nature and do not result in serious injury to the victim. Stalking, intimidation, coercion, and hazing are included.

Forgery and counterfeiting: The altering, copying or imitating of something, without authority or right, with the intent to deceive or defraud by passing the copy or thing altered or imitated as that which is the original or genuine; or the selling, buying, or possession of an altered, copied, or imitated thing with the intent to deceive or defraud. Attempts are included.

Fraud: The intentional perversion of the truth for the purpose of including another person or other entity in reliance upon it to part with something of value or to surrender a legal right. Fraudulent conversion and obtaining money or property by false pre-tenses. Confidence games and bad checks, except forgeries and counterfeiting, are included.

Embezzlement: The unlawful misappropriation or misapplication by an offender to his/her own use or purpose of money, property, or some other thing of value entrusted to his/her care, custody, or control.

Stolen property (buying, receiving, possessing): Buying, receiving, possessing, selling, concealing, or transporting any property with the knowledge that it has been unlawfully taken, as by burglary, embezzlement, fraud, larceny, robbery, etc. Attempts are included.

Vandalism: To willfully or maliciously destroy, injure, disfigure, or deface any public or private property, real or personal, without the consent of the owner or person having custody or control by cutting, tearing, breaking, marking, painting, drawing, covering with filth, or any other such means as may be specified by local law. Attempts are included.
